EFFORTLESS CONTROL

Forget the bygone days of the pull chain; every Haiku fan comes equipped with a handheld remote to ensure effortless control of your fan and lighting settings.

For even greater convenience, download our free mobile app (compatible with iOS and Android) to group and control fans and lights from your phone.

Standard Haiku Remote

Big Ass Fans App

SMART HOME INTEGRATION

Use voice commands with Amazon Alexa and Google Assistant. Group and control Haiku fans and lights simultaneously.*

Amazon Alexa and Google Assistant devices

*Note: Smart Home integration is only available on Haiku & Haiku I models.

OPEN UP TO NEW POSSIBILITIES

SenseME™ technology is the built-in intelligence that allows Haiku* to respond to the environment automatically, keeping you comfortable and saving energy year-round.

*SenseME™ technology is only available on Haiku and Haiku I ceiling fans. Haiku L does not include SenseME™ technology.

DITCH THE SWITCH

Built in sensors turns your fans and lights on when you enter a room and off when you leave.

USE YOUR (FAN'S) BRAIN

SenseME™ automatically adjusts your fan's speed to lower heating and cooling costs.

FEEL THE BREEZE

Whoosh® Mode varies the fan's speed to simulate a natural breeze.

GET THE SLEEP YOU NEED

Sleep Mode lets you choose your ideal temperature of fan speed for the perfect snooze.

SET IT & FORGET IT

Schedule your Big Ass fans to operate when – and how – you want.

STAY IN TOUCH

Set preferences and adjust operation using our mobile app.
